RE: Interview with Guangzhou Deputy Mayor, Lei Yu

We respectfully request an interview with the deputy mayor of Guangzhou, Mr. Lei Yu, to be included in the national broadcast of a PBS documentary for American television.

As you have requested, we list below the areas of interest about which we intend the interview Mr. Lei:

1. The importance of Guangdong's reforms to China's economic development.

2. A discussion of the progress and problems associated with the reforms in Guangzhou.

3. The role of Guangdong Province in China's reforms.

4. How Guangzhou's reforms have affected the life of the people.

5. Where does economic reform go from here.

An opportunity to hear Mr. Lei's responses to questions on these topics is of great interest and importance to an American audience. We sincerely hope that the interview can be conducted.

Sincerely,

I.E. Drasnin
